

SUNFLOWERS CHARITY BALL

Sunflowers Suicide Support was set up in memory of Pete Morris who took his own life in September 2016 aged 29 years old. At the time of their loss by suicide, the Morris Family found a significant gap in provision both in terms of the mental health impact on themselves and others, as well as a lack of understanding from professionals to their specific needs and a lack of practical help and support particularly concerning the navigation of legal processes including the inquest. They family set up Sunflowers with the intention of bridging the gap in services which is person-centred.

- Sunflowers Suicide Support **provides a range of trauma-informed interventions** to meet the holistic needs of children, young people and adults **who are bereaved and affected by suicide.**
- Sunflowers also **offers training and bespoke talks** to the community to raise **suicide prevention awareness**, reduce stigma and ultimately **reduce the number of people who take their own lives** in our community.

We propose to host our **Masquerade Charity Ball**, an immersive and thrilling fundraising masquerade ball, inspired by the hit TV show The Traitors.

This unique evening will combine mystery and entertainment, all while raising vital funds for Sunflowers.

There will be a masquerade theme, which represents how we often "mask" our struggles with poor mental health, making it difficult for others to see when someone is suffering. Just as guests will struggle to identify the hidden Saboteurs among them, this reflects the challenge of recognising when someone is silently battling their own demons.

A 'Traitors inspired Masquerade Ball
